Gardena, CA (July 28, 2023)- Max Industries dba International Metal Source, we're excited to announce that International Metal Source has been acquired by Max Industries!

A partnership was formed to accomplish a greater vision which can be better achieved as being part of a conglomerate with expanded capabilities.

Max Industries *dba* International Metal Source will have its headquarters in Gardena, CA and will operate as *dba* International Metal Source until Max Industries is certified as AS9100/ISO (expected certified date December 2023). They will continue to provide the following services: Hard to find materials, Fabrication and Research & Development along with the expanded list of stocked materials.

On behalf of your family from International Metal Source, we'd like to extend a special thank you to all our supporters, partners, and suppliers for a wonderful 14 years.

Jaymee Del Rosario & Sohil Mody
Founder & CEO
International Metal Source
